K-12 Education Funding: Authorizations and Appropriations for FY2002

Summary

This report lists and totals the authorizations of appropriations for the K-12 education programs that have been reauthorized by the 107th Congress. Most of these programs are authorized by the Elementary and Secondary Education Act of 1965 (ESEA), as amended and extended by **P.L. 107-110** (H.R. 1), the No Child Left Behind Act of 2001 (NCLBA). As amended, the ESEA includes 45 authorizations of appropriations. Of these, 16 are authorized for such sums as may be necessary, and the remaining 29 are authorized for a total of \$26.3 billion for FY2002. All ESEA activities are authorized from FY2002 through FY2007; all but five authorizations are for unspecified amounts (“such sums as may be necessary”) for the years FY2003 through FY2007.

With regard to appropriations, the total for ESEA programs was \$18.6 billion in FY2001. The total for FY2002 is \$21.9 billion for ESEA programs as amended by NCLBA. The number of appropriations is sometimes counted in terms of line items. For FY2001, there were 57 line items in appropriations for ESEA programs; for FY2002, the number is 45. The counts of authorizations and appropriations do not necessarily correspond to the number of programs; other definitions may bring other results.

For K-12 programs outside of ESEA — such as the Education for Homeless Children and Youth program or certain Indian education programs administered by the Bureau of Indian Affairs (BIA) — NCLBA includes an additional six authorizations of appropriations. Five of these authorizations are funded in FY2002, for a total appropriation of \$225.8 million.

In the latest legislative action, **H.R. 1** was signed into law by the President on January 8, 2002, as **P.L. 107-110**. The FY2002 ESEA appropriations are part of **H.R. 3061**, the Labor, Health and Human Services, and Education (L-HHS-ED) Appropriations Act, 2002. The H.R. 3061 conference report (H.Rept. 107-342, December 18, 2001) was agreed to by the House on December 19, 2001, and by the Senate on December 20, 2001. H.R. 3061 was signed into law by the President on January 10, 2002, as **P.L. 107-116**.

K-12 Education Funding: Authorizations and Appropriations for FY2002

Introduction

This report summarizes the authorizations of appropriations for the K-12 education programs of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the 107th Congress. In particular, it lists and totals the specific authorizations of appropriations in **P.L. 107-110** (H.R. 1), the No Child Left Behind Act of 2001 (NCLBA). The NCLBA details are shown in **Table 1**, which also includes comparable appropriations for FY2001 and FY2002.¹ This report will be revised when regular FY2003 appropriations are enacted for ESEA programs; final action on FY2003 appropriations is expected to be high on the list of priorities for the 108th Congress.

Table 1 shows that for FY2002, NCLBA includes 45 specific ESEA authorizations of appropriations. The precise number of programs authorized can be an issue, however, in part because several NCLBA authorizations include multiple activities previously authorized, and in some cases funded, as separate programs. Most notably, the ESEA Title V Part D Fund for the Improvement of Education (FIE) authorizes 21 distinct activities; 14 of these were specifically funded in FY2001 and 14 are funded in FY2002 as well. In this report, however, the FIE is counted as a single authorization of appropriations for FY2002.

The table summarizes the amounts authorized for FY2002 by NCLBA. Of the 45 specific ESEA authorizations, 16 are authorized for such sums as may be necessary. The authorizations of appropriations total \$26.3 billion for FY2002 for the remaining 29 ESEA programs. As amended by NCLBA, all ESEA programs are authorized through FY2007, with virtually all authorized for such sums as may be necessary for each of the years FY2003 through FY2007. There are five exceptions where dollar amounts are specified for each year — (1) Title I Part A Grants to Local

¹ In the latest legislative action, the **H.R. 1** (conference report H.Rept. 107-334, December 13, 2001) was signed into law by the President on January 8, 2002, as **P.L. 107-110**. The FY2002 appropriations for ESEA programs are part of **H.R. 3061**, the Labor, Health and Human Services, and Education (L-HHS-ED) Appropriations Act, 2002. The H.R. 3061 conference report (H.Rept. 107-342, December 18, 2001) was agreed to by the House on December 19, 2001, and by the Senate on December 20, 2001, and was signed into law by the President on January 10, 2002, as **P.L. 107-116**. For NCLBA issues and legislative details, see CRS Issue Brief IB10066, *Elementary and Secondary Education: Reconsideration of the Federal Role by the 107th Congress*, by Wayne Riddle and James Stedman. For comparable authorization information for the versions of H.R. 1 as passed by the House and the Senate, as well as the FY2002 budget request, see CRS Report RL31047, *K-12 Education Funding: FY2002 Authorizations of Appropriations Proposed in H.R. 1 by the House and the Senate*, by Paul M. Irwin.

Educational Agencies (LEAs); (2) Title IV Part B 21st Century Community Learning Centers; (3) Title V Part A Innovative Programs; (4) Title V Part B Voluntary Public School Choice; and (5) Title V Part D, the FIE. The total FY2003 authorization for these five programs is \$18.65 billion.

With regard to appropriations, there were 57 line-item amounts for ESEA programs in FY2001, and 45 line items for FY2002. The correspondence of line items to programs is as inexact as the relationship between authorizations and programs. As indicated above, there is a single line item in the FY2002 appropriations for the FIE, but from these funds, specific allocations are made for 14 distinct, program-like activities. In aggregate, the appropriations for all ESEA programs totaled \$18.6 billion in FY2001. The FY2002 appropriations for ESEA programs total \$21.9 billion, an increase of nearly 18% compared to the FY2001 amount.

For K-12 programs outside of ESEA — such as the Education for Homeless Children and Youth program or certain Indian education programs administered by the Bureau of Indian Affairs (BIA) — NCLBA includes an additional six authorizations of appropriations. As **Table 1** shows, five of these authorizations are funded in FY2002, for a total appropriation of \$225.8 million.

Data for **Table 1** are based on two conference reports: FY2002 authorization levels are based on H.Rept. 107-334 (December 13, 2001), the NCLBA conference report to reauthorize the ESEA (H.R. 1); and FY2001 and FY2002 appropriations are based on H.Rept. 107-342 (December 18, 2001), the Labor, Health and Human Services, and Education (L-HHS-ED) Appropriations Act, 2002 (H.R. 3061).

Several cautions should be exercised when considering NCLBA and ESEA funding provisions.

- An authorization of appropriation is only an authorization; as is obvious from the table, the Congress can and does enact actual appropriations at a different funding level.
- The number of “programs” that are counted in this report is determined by the specific number of authorizations of appropriations and line items in appropriations tables. These definitions do not take into account the number of programs, projects, or activities under a single authorization or line-item appropriation. Other definitions for “programs” may give different program counts.
- The use of such sums as may be necessary for the authorization level of several different programs makes it difficult to compare totals, since such unspecified amounts cannot be added into a cumulative total.
- The FY2002 appropriations are those provided by H.R. 3061 (H.Rept. 107-342), the L-HHS-ED Appropriations for FY2002. These amounts can be modified by the enactment of further legislation during FY2002.

Source: H.R. 1 authorization levels are specific authorizations of appropriations in the H.Rept. 107-334 conference report (December 13, 2001). FY2001 and FY2002 appropriations are based on specific line-items in the FY2002 conference report, H.Rept. 107-342 (H.R. 3061, December 18, 2001) and the Bureau of Indian Affairs.

Glossary: “no appropriation” means there is no specific line item appropriation for this activity; however, part or all of this activity may be funded elsewhere; “such sums” means such sums as may be necessary; ERDDIA = Educational Research, Development, Dissemination, and Improvement Act; ESEA = Elementary and Secondary Education Act of 1965; G2000 = Goals 2000: Educate America Act; HEA = Higher Education Act; IDEA = Individuals with Disabilities Education Act; and MVHAA = McKinney-Vento Homeless Assistance Act. Amounts in brackets are not counted as part of the totals.

^a The various amounts for Title I Part A Grants to LEAs are administered, and counted, as a single program.

^b No specific authorization is proposed for this activity; however, part or all of this activity may be authorized elsewhere.

^c The FY2001 appropriation for the Fund for the Improvement of Education (FIE) made the following reservations: High School Reform and Technical Skills, \$5 million; Physical Education for Progress, \$5 million; School Dropout Prevention, \$5 million; American History, \$50 million; Comprehensive School Reform, \$50 million; Violence Prevention Demonstration, \$2 million; Elementary School Counseling Demonstration, \$30 million; and Consumer, Economic, and Personal Finance Education, \$3 million.

^d The FY2001 appropriation for ESEA Title I allows the Secretary to reserve from the total appropriation up to \$3.5 million for Census population updates.

^e The FY2001 appropriation for Eisenhower National Activities allocated \$31 million for Transition to Teaching and \$10 million for Early Childhood Professional Development.

^f The FY2002 appropriation for Transition to Teaching/Troops to Teachers/National Programs allocates as follows: Troops to Teachers, \$18 million; Transition to Teaching, \$35 million; National Board for Professional Teaching Standards, \$10 million; Early Childhood Professional Development, \$15 million; and Principal Recruitment, \$10 million.

^g H.R. 1 separately authorizes Emergency Immigrant Education when the Title III appropriation is \$650 million or less.

CRS-10

^h The FY2001 appropriation for School Repair and Renovation reserved \$25 million for Charter Schools Facilities.

ⁱ Under H.R. 1, Title V Part D (FIE) provides a single authorization of appropriations for FIE (as Part D-1) plus 20 other specific activities; 11 of these 21 activities were funded as separate programs in FY2001.

^j The FY2002 appropriation for FIE allocates funds for 15 activities specifically authorized as a part of FIE, in addition to the FIE itself and the former Comprehensive School Reform program.

^k H.R. 3061 conferees “encourage” the Secretary to use FIE funds to support these activities.

^l Part of the FY2002 appropriation of \$107.5 million for the National Assessment of Educational Progress (not shown on table) appears to be available to administer the Title VI Part A-1 State Assessment Administration.

^m Prior to H.R. 1, Title VIII Impact Aid programs were authorized through FY2003; H.R. 1 extends these programs through FY2007, consistent with other ESEA authorizations.
