

Raja Rogers Meeting Notes
June 13, 2006

1. Tomorrow non-meditator teachers at Camp LeJeune High School will present Consciousness-Based Education to their principal. They would like to have a program in their school. Diana Williams says they are so inspired that they wanted to make the presentation themselves.
2. Donor has come forward for David Lynch Foundation. There is a special rate of \$600/student to learn TM if the whole school learns TM. There is a competition for the funds and it will be decided end of July as to which schools will receive the funds.
3. If you would like a DVD of video clips on Consciousness-Based Education to give to interested educators, contact Jane Bialosky - shortcourses@maharishispiritualuniversity.net
4. Education tour planned for the fall in the following cities:
 - a. Ft. Lauderdale/Miami/Boca Raton
 - b. Sarasota/Tampa/St. Petersburg
 - c. Atlanta
 - d. Lexington
 - e. Raleigh/Durham/Chapel Hill
 - f. Asheville
5. Other cities who would like a tour will be scheduled for next spring.
6. CIC half way over in South Florida – 5 CP's. Regular TM advertising is happening, MVVT, etc.
7. Maharishi now calls Dr. Feldman, Kubera. Kubera is the deity associated with wealth. Raja Peter and Raja Luis are in Maharishi Vedic City. Working on setting up schools. Their plan is to approach wealthiest people in each country to donate money to build a school for 100 students or to participate in the World Peace bond.

Bonds will be used to build schools. For example, Holland will need 4 schools to have the invincibility number for the nation – 400.

This program will probably start up in Maharishi Vedic City

 - a. Diamond bond – 100,000 at 7%
 - b. Gold bond - \$75,000 at 6%
 - c. Silver bond - \$50,000 at 5%
8. No news yet about Guru Purnima. Feeling is that there will be a large event, but no announcement yet.
9. Asheville moving ahead on getting building permit for Peace Palace. Topo survey being done by a local Sidha. Then engineering firm will take over- same firm that is working on the other land projects in Asheville area. Only obstacle is to get the construction documents.
10. Navasota is building Peace Palaces. They have construction documents, but they do not have electrical and plumbing info. The director there is working with a local architect to add that info. But David Humphreys has said that their buildings are slightly different.

11. Raja Rogers – submit what we have and if we have to change them later, then we work with the county on that. If you have to change it, just make sure that the new building's footprint is not larger than the old one.
12. The first Peace Palaces were not up to US specifications so they were shipped to other countries. These new ones going up in TX are prototypes. There is a Phase III Peace Palace – the roofs are slightly sloped and then flat at the top with wrought iron fence at top. 13,500-14,000 sq ft.
13. Raja Rogers - Maharishi is focused on getting these up quickly. So we'll put the search out for the blueprints.
14. Chattanooga – got 3 bids for the topo map and will go with the least expensive. Submitted our resumes to see about bank loans for the project. Raja Rogers - After the topo, go with the engineering company you mentioned.
15. JAMA archives of internal medicine came out yesterday. They released a study on the effects of TM – that it may decrease blood pressure and insulin dependence in people with cardio-vascular disease. Focuses on the metabolic syndrome. It appeared in the Herald Leader today. Can we line up a talk with a medical doctor?
16. This is in the NY Times in the Science section on page 6.
17. Raja Rogers - If it's done in the manner of a doctor giving a report on the research that's been done, it's okay. Say that you are the major presenter in the press release, but that a doctor will be presenting the research.
18. Ray has a set of drawings on a CD that has all the electrical, plumbing details for a 12,000 sq foot Peace Palace.
19. Dr. Feldman said there would be Peace Palace on the 68 acres in Asheville for a Retreat Center.
20. New MVVT fee for Purusha and Mother Divine members: \$450 for a three session consultation, \$1800 for 12 session consultation.
21. Maharishi wants us to move quickly to bring Sat-Yuga.
